1. INTRODUCTION

The Management of K I D S Refrigeration and Air Conditioning introduces to you the company as general contractors in domestic, commercial, industrial, mining and mobile Refrigeration and air conditioning systems design, repair, services, routine maintenance and consultancy. K I D S Refrigeration Supplies various types and models of air conditioning and refrigeration equipment from popular brand manufacturers.

K I D S Refrigeration was duly registered and incorporated with the Registrar of Companies in July 2006 as a Trading/Service oriented Company. The Company was established principally to provide quality, reliable and efficient branded products and services to the general public, government institutions and other technically inclined companies in Zambia.

The firm has transformed in response to the economic need and the opportunity to use the qualifications, extensive industry experience, knowledge and skills of a team of young, vibrant and highly ambitious personnel.

K I D S Refrigeration is one of the fastest growing companies and has since developed a reputation for providing excellent services. The firms standard / reputation has always been that of giving our clients value for their money through proficient service delivery and is evident from our workmanship/ products and comments of satisfaction received from our clients.

As the company evolves to face challenges ahead, it continues to observe, listen and innovate so as to lead the way in providing efficient and perfect works.

2. MISSION STATEMENT

The company's continued growth reflects the team spirit and ability to successfully harness key values which drive business forward.

OUR VALUE SOLIDIFY WHO WE ARE AND WHAT WE BELIEVE

Our values are:

- Uncompromising commitment to quality, health, safety and environment stewardship
- An open relationship with our employees based on mutual trust, respect and success
- Transparency, accountability and discipline in our business
- Best in class awareness
- Integrity in all we do
- Financial responsibility to our stakeholders

OUR MISSION DEFINES WHAT WE SET OUT TO DO EACH DAY

To safely deliver any project, any time, in any environment for the benefit of our customers, shareholders employees and the communities we serve.

3. VISION

Our Vision is: To be the worlds premier contractor delivering projects and **services** to a global market place while employing practices that safe guard the environment through elimination of substances with ozone depleting potential as well as global warming potential

4. RESPONSIBILITIES

All documentation will conform to the customer or client's requirement when a service is rendered on contract or order basis

5. SCOPE OF BUSINESS

We supply, install, repair and service air conditioning units like mid wall splits, ceiling cassettes, floor standing splits, DVM units and packaged units from reputable manufacturers such as Samsung, L.G, Carrier, Dunham bush etc, complete cold room and freezer room insulated panels, condensing units and blower coil units. We supply pure refrigerants, refrigeration oils both mineral and synthetic polyurethane, dehydrated copper tubing and coils, filter driers, thermostatic expansion valves, power and control panels, pcb control cards. Construction services includes overall design, construction, rehabilitation and maintenance of large and small cold rooms, chilling groups, structural and civil engineering projects as well as routine maintenance
